

Commercial Chest Freezers

The Gram range of commercial chest freezers is designed to provide the professional operator with ideal solutions for their bulk storage requirements.

Durable and Flexible

There are four models within the range of our commercial chest freezers offering storage capacities from 347 to 607 litres. They are manufactured to the highest specification and have a durable stainless steel lid.

- Adjustable thermostat, power indicator
- Stainless steel lid
- Lockable handle
- Protected drain to reduce blockages
- Supplied on castors as standard

Economical

All Gram commercial chest freezers have 60mm thick insulation to ensure fast and efficient freezing at very low operating costs.

Efficient

The cabinet is able to be quickly and efficiently cleaned. A protected drain makes defrosting a quick and simple task.

Optional Extra's

- Extra wire baskets
- Moveable dividers for wire baskets are obtainable as an optional extra
