# About P+L Systems Washroom

---

## P+L Systems® Washroom

P+L Systems Washroom is Europe's leading supplier of fragrances and dispensers with over 25 years experience in developing products for commercial washroom use.

P+L Systems Washroom understand that fragrance forms an integral part of the customer experience, and have developed a comprehensive range of products to suit a variety of applications. From fruity scents to light florals, rich vanilla to fresh baby powder, P+L Systems Washroom has a range of fragrances to suit many areas, from the lobby to the washroom. The selection of fragrances are complimented by a wide choice of high quality, stylish fragrance dispensers offering programmable options to suit a broad range of environments.

In addition to the comprehensive range of fragrances and dispensers, P+L Systems Washroom also offers a wide range of washroom products designed for the European market, including urinal fragrancing, contemporary high specification hand dryers, hygienic feminine hygiene bins available in a range of sizes to suit servicing cycles, plus a range of automatic and manual soap dispensers.

Pelsis delivers a range of brands to the facilities management industry, offering our global customer base a wide range of products to support their FM needs. Based in the UK, Pelsis develops leading brands for specialist commercial markets, including flying insect control, bird control, washroom hygiene solutions and wider professional and retail pest control products.

**Leading brands** - Our reputation is built on leading brand heritage, developed with extensive knowledge of our markets and supported by experts in each field. Each of our brands is over 20 years old, built on a reputation of high quality products and support services. We continually work to develop our brands to support our distributors across our territories.

**Leading products** - Customer insight is at the heart of our product innovation programme, allowing us to develop world class products designed with serviceability, design and quality in mind. Our close working relationships with customers is key to our product development ethos, giving us insight into the needs of our customers as well as specifiers and end users.

# Precious Fragrance Range

Providing an elegant, sophisticated ambience

The Precious range of fragrances has been developed to offer a range of luxurious environment enhancers. Each fragrance is rich and distinct, and evolves throughout the day offering a carefully selected blend of aromas to capture the senses. Using a high percentage of essential oils, the Precious range is designed to offer both sophistication and intensity. Working closely with key fragrance partners, P+L Systems Washroom has used its extensive knowledge of fragrance development to provide this unique range of premium fragrances.

## Ruby

Product Code: W501

A fresh green floral fragrance opening with crisp green apple, watermelon and a hint of cucumber, supported by a heart of rose, resting on a base of sandalwood and fresh marine notes.

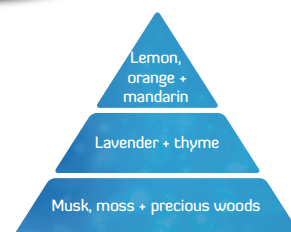

## Sapphire

Product Code: W502

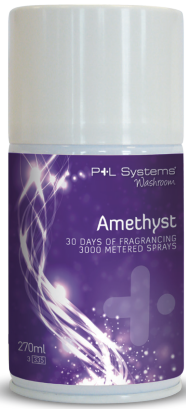

A fresh, citrus cologne infusion of bergamot, lemon, orange and mandarin harmonised by lavender and thyme, leading to a sensual base of musk, moss and precious woods.

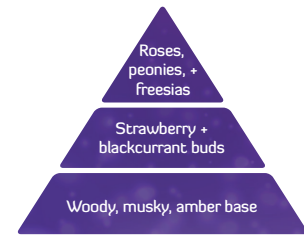

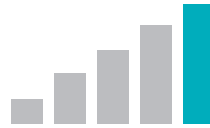

## Amethyst

Product Code: W503

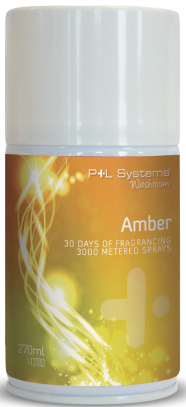

A fruity, floral fragrance with opening notes of strawberry supported by a floral blend of jasmine, lily and violet, resting on a base of amber and musk.

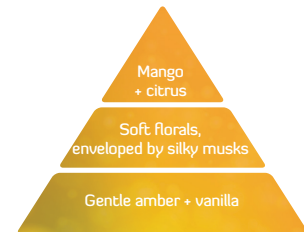

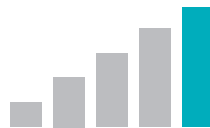

## Amber

Product Code: W504

A warm, cossetting oriental fragrance where vivacious top notes of mango and citrus settle into soft florals, enveloped by silky musks, gentle amber and a smattering of vanilla.

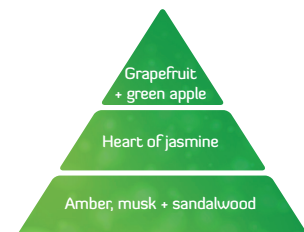

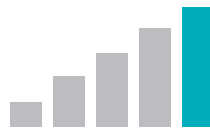

## Emerald

Product Code: W505

A mouth-watering, fresh fougere with crisp grapefruit and green apple supported by a heart of jasmine and fern notes, resting on a sensual base of amber, musk and sandalwood.

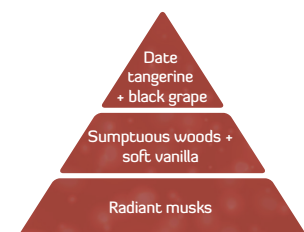

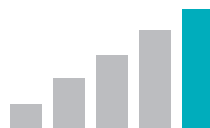

## Topaz

Product Code: W506

A spicy, fruity fragrance unveiling notes of exotic date, sweet tangerine and luscious black grape cocooned by sumptuous woods, soft vanilla and radiant musks.

# Concept Fragrance Range

Luxurious, balanced fragrances

Made up of seven luxurious fragrances, the Concept range offers beautifully layered, balanced fragrances, using high quality oils to create sumptuous scents for your washroom and front-of house areas which continue to develop throughout the day.

## Refreshing

Product Code: W301

A delicious refreshing fragrance, offering a rich eucalyptus base and a beautiful balance of sweet peppermint alongside sharp grapefruit and lemon scents. This blend of flavours creates a perfume ideal for use in front-of house areas as well as washrooms.

## Relaxing

Product Code: W302

A tranquil blend of herbal fragrances associated with relaxation and calm, this fragrance delivers a combination of traditional camomile and lavender on a base of rich sandalwood, making it ideal for front-of-house areas as well as washrooms.

## Revitalizing

Product Code: W303

A base of rosemary, thyme and coriander is punctuated by sweet jasmine, to deliver a wonderfully soft herbal fragrance. This complex balance of intense herbal flavours is ideal for washrooms and front-of-house areas alike.

## Bliss

Product Code: W304

A lively sweet fragrance, delivering a fruity kick of both tropical and citrus fruits. Bliss delivers a breath of tropical island air to washrooms and front-of-house areas.

## Finesse

Product Code: W305

A fresh feminine fragrance, reminiscent of fresh linen. This delicate balance of spring like scents delivers a beautifully balanced refreshing perfume ideal for front-of-house areas.

## Elegance

Product Code: W306

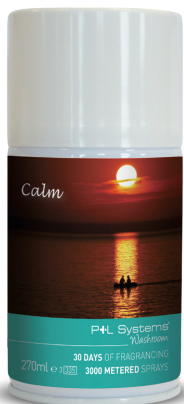

A beautiful fruity floral fragrance with sparkling mandarin and bergamot, harmonised by a heart of jasmine and blackberry.

## Calm

Product Code: W307

A fresh floral fragrance, reminiscent of delicate orange blossoms, enhanced with orange, lemon and jasmine.

## Classic Fragrance Range

A comprehensive collection of evocative fragrances

A comprehensive range of your favourite fragrances, offering an evocative fragrance for every application. From fruity scents to light florals, rich vanilla to fresh baby powder, the Classic range offers a choice of fragrances to suit many areas, from the lobby to the washroom, making customers feel special at every opportunity.

## Floral Bouquet

Product Code: W201

A beautiful balanced fragrance, Classic Floral Bouquet delivers a breath of fresh floral fragancing, ideal for feminine environments.

## Lemon Fresh

Product Code: W202

Classic Lemon Fresh delivers an intense fragrance, combining ripe lemon zest and powerful clean citrus notes.

## Green Apple

Product Code: W203

A delicious and mouth watering fruity fragrance, Classic Green Apple creates a refreshingly crisp scent, intense enough to deal with problem washrooms.

## Baby Powder

Product Code: W204

One of the most evocative of the range, Classic Baby Powder is a fresh clean fragrance, delivering the scent of light talc, ideal for washrooms.

## Classic Vanilla

Product Code: W205

A delicious fragrance, Classic Vanilla delivers a calming sweet creamy scent, with hints of rich vanilla pods.

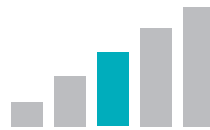

## Island Mango

Product Code: W206

Tropical, rich fruits define this mouth-watering Classic Island Mango fragrance, evoking memories of tropical summer days and island getaways. Sweet notes punctuate the fragrance of ripe, juicy mango.

## Classic Cherry

Product Code: W207

Sweet and fruity, Classic Cherry delivers a beautiful fragrance, rich with ripe red cherries, ideal for front-of-house areas and washrooms alike.

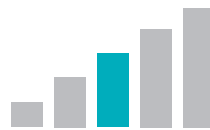

## Nirvana

Product Code: W208

A gentle, comforting fragrance incorporating soft, powdery floral aromas to include freesias and rose on a base of delicate woody notes and summer fruits.

## Freshly Cut Grass

Product Code: W210

An evocative fragrance, bringing back memories of freshly cut grass on a hot summer's day. This intense fragrance creates an uplifting fresh atmosphere, ideal for washrooms and front-of-house areas.

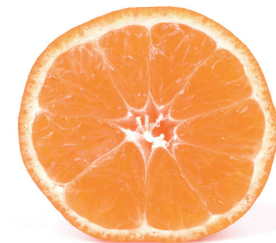

## Clementine

Product Code: W211

A delicious and rounded fragrance, balancing the full notes of ripe mouth watering oranges with sweet clementines, to deliver an intensive Clementine hit.

## Fresh Linen

Product Code: W215

A wonderfully clean smelling fragrance, reminiscent of fresh linen on a warm summers day. Classic Fresh Linen is ideal for hygiene conscious applications.

## Adrenalin

Product Code: W216

An intense masculine fragrance ideal for sports facilities and washrooms, Classic Adrenalin delivers a powerful fragrance punch.

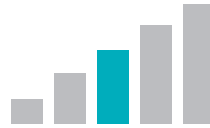

## Summer Fresh

Product Code: W217

A light, refreshing, fruity accord incorporating orange, grapefruit and zest of lemon with a base of ripe summer fruits.

## Wild Orchid

Product Code: W218

A woody, spicy fragrance with citrus nuances and notes of wild orchid, jasmine and patchouli.

# Micro Classic Fragrance Range

A small but powerful range of Classics

Petite but punchy, the Micro range includes your favourite Classic range fragrances in a compact 100ml design, delivering fantastic fragrances into discreet or space conscious environments. The extensive choice of fragrances ranges from mouth watering green apple to the clean smell of fresh linen, summer florals to zesty clementine.

## Citrus

Product Code: W401

Inigorating Citrus delivers an intense clean citrus fragrance, featuring orange and lemon flavours.

## Green Apple

Product Code: W402

A delicious and mouth watering fruity fragrance, Classic Green Apple creates a refreshingly crisp scent, intense enough to deal with problem washrooms.

## Country Garden

Product Code: W403

Lily of the valley, tea rose and ylang-ylang blended together to create a delicate floral scent evocative of a country garden.

## Summer Fresh

Product Code: W404

A light, refreshing, fruity accord incorporating orange, grapefruit and zest of lemon with a base of ripe summer fruits.

## Baby Powder

Product Code: W405

One of the most evocative of the range, Classic Baby Powder is a fresh clean fragrance, delivering the scent of light talc, ideal for washrooms.

## Fresh Linen

Product Code: W406

A wonderfully clean smelling fragrance, reminiscent of fresh linen on a warm summers day. Classic Fresh Linen is ideal for hygiene conscious applications.

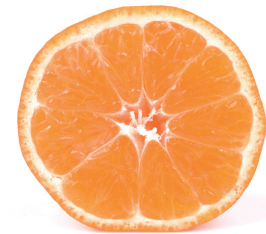

## Clementine

Product Code: W409

A delicious and rounded fragrance, balancing the full notes of ripe mouth watering oranges with sweet clementines, to deliver an intensive Clementine hit.

## Adrenalin

Product Code: W410

An intense masculine fragrance ideal for sports facilities and washrooms, Classic Adrenalin delivers a powerful fragrance punch.

# Fruits + Flavours Fragrance Range

Ideal for washrooms and problem areas

The P+L Systems Washroom Fruits + Flavours fragrance range provides contemporary fragrancing for the cost sensitive customer and is ideal for use within washrooms or other problem areas. The Fruits + Flavours range incorporates high quality P+L Systems Washroom oils to deliver reliable and effective fragrancing.

## Lavender

Product Code: W106

A powerful and invigorating sweet fragrance, designed to deliver a fresh herbal kick to washrooms.

## Mango

Product Code: W101

An intense mouth-watering fruity mango fragrance that delivers a high level of intensity. This fragrance was developed to deliver juicy tropical mango fragrancing into washrooms and problem fragrance areas.

## Vanilla

Product Code: W103

A deliciously rich and creamy vanilla fragrance, highlighted with sweet vanilla notes. This intense fragrance is ideal for washrooms and problem fragrance areas.

## Citrus

Product Code: W104

A sharp shot of citrus zest, delivering a punchy hit of refreshing citrus flavours to washrooms and problem fragrance areas.

## Cinnamon

Product Code: W105

An intense burst of cinnamon spice, creating a distinctive rich fragrance to tackle problem fragrance areas.

## Premium Eco Hand Dryers

Enhanced hand drying delivered with low energy usage

Combining high speed hand drying with efficient low power draw, these powerful dryers offer energy-conscious users an ideal 'eco-dry' solution.

Perfect for high traffic washrooms, this range offers a speedy hand drying time, as well as a robust yet stylish brushed stainless steel cover, making them a stunning addition to contemporary washrooms.

### Save 70%

On your running costs by switching to a P+L Systems Washroom low power draw hand dryer!

Based on an average washroom usage of 150 dries per day, you could save over 70% of your electricity cost by switching to a quick dry, low power draw hand dryer, versus a traditional hand dryer.

### Save 97.5%

On your running costs by switching away from paper towels to a P+L Systems Washroom low power draw hand dryer!

Based on an average washroom usage of 150 dries per day, you could save over 97% of your cost by switching to a quick dry, low power draw hand dryer versus paper towels, plus all the benefits of reduced servicing and reduced waste disposal.

# Nappease™

## Robust and reliable nappy bin

Designed with robust performance in mind, the Nappease from P+L Systems Washroom has a large 60 litre capacity and easy to service features. With a large, easy to use pedal and contemporary, easy to wipe down design the Nappease also offers end users a simple solution to dispose of nappy waste.

- Large 60 litre capacity to suit a range of service cycles
- Large capacity makes it ideal for high traffic washrooms
- Clean white, yellow and grey finish
- Contemporary, easy to wipe down design
- Designed to offer reliable, robust performance
- Sloped lid prevents heavy items such as bags being placed on top, reducing the risk of breakage
- Pedal operated for hygienic, no touch disposal of waste
- Discreet, low friction modesty flap hides bin contents from view
- Manufactured from ABS plastic for superior performance
- Bag tidy hooks prevent liners from slipping during use
- Hidden clip for freshener sachets to ensure powerful, pleasant fragrancing between services
- Quick, tool free access
- 3 year warranty\*

## Nappy Bin Consumables

A range of consumables to keep nappy bins fresh between servicing

### Napease Liner

Product Code: LS60

The ideal accompaniment to the P+L Systems Washroom Napease™ range, the scented Napease™ Liners are designed to give a continuous fresh fragrance to mask any unpleasant odours, whilst also making servicing quick and simple. Suitable for the disposal of hazardous waste.

### Freshguard Sachets

Product Code: S019

Delivering a powerful, clean scent to nappy bins, Freshguard sachets ensure that washrooms are kept fresh between services. Conveniently packed in small permeable bags to avoid any need for measurement and dosing, Freshguard bags are easy to distribute and replace.

- Strong clean fragrance
- Easy to distribute, pre-measured bags
- Supplied in an easy to carry bucket
- Each sachet offers 60 days of fragrancing
- 1 year shelf life
- 150 sachets per tub

# Feminine Hygiene Bins

Contemporary, easy to service feminine hygiene bins

The latest addition to the popular Sanibin® range, the gloss black and silver Sanibin® is ideal for premium and modern washrooms. Match your Sanibin® choice with our range of complimenting consumables to create the perfect feminine hygiene service offer.

## 20 Litre, Black and Silver, Sanibin®

Product code: FHB20-S

Combining a contemporary, stunning aesthetic and quick and easy servicing, the black and silver Sanibin® is sleek in design, making it simple to wipe down without dirt traps.

In line with the Sanibin® range, the black and silver bin also includes a robust carrying handle for easy relocation of multiple bins.

The range also offers end users a comfortable, easy to use feminine hygiene solution, with a front opening flap and large wrap around pedal.

- Contemporary design, with family cues
- Robust carrying handle for reduced service time
- Premium gloss black finish
- Wall mounting bracket for easy floor cleaning
- Large 20 litre capacity for reduced servicing or compact 15 litre design for tight applications
- Engineered with robust performance in mind and manufactured from tough ABS
- Discreet, low friction modesty flap
- Tool free security access
- Large, wrap around pedal for simple activation
- Front opening flap for positioning flexibility
- Bag tidy for discreet liner use
- 5 year guarantee\*

## 15 Litre, Black and Silver, Sanibin®

Product code: FHB15-S

Designed to offer quick and easy servicing, the unique range of bins are sleek in design, making them simple to wipe down without dirt traps. All products also include a robust carrying handle for easy relocation of multiple bins. The products also offer end users a comfortable, easy to use feminine hygiene solution, with a front opening flap and large wrap around pedal.

Match your Sanibin® choice with our range of complimenting consumables to create the perfect feminine hygiene service offer – see page 36 for more details.

\* Does not cover product failure due to vandalism, incorrect operation or use in an incorrect application, or following improper use of chemical cleaning products.

# Feminine Hygiene Consumables

A comprehensive range to complete your feminine hygiene offer

The ideal addition to your feminine hygiene service offer, a choice of Sanibin liner bags and easy to dispense freshening granule sachets help keep washrooms clean and fresh and make service visits quick and easy. Combine these with our paper disposal bags and wall mounted dispenser to offer your customers leading service solutions.

## Freshguard Sachets Product Code: S019

Delivering a powerful, clean scent to your Sanibin, Freshguard sachets ensure that washrooms are kept fresh between services. Conveniently packed in small permeable bags to avoid any need for measurement and dosing, Freshguard bags are easy to both distribute and replace.

- Strong clean fragrance
- Easy to distribute, pre-measured bags
- Supplied in an easy to carry bucket
- 150 sachets per tub

## Sanibin Bag Dispenser Product Code: S003

Designed for use with Sanibin Disposal Bags, the Sanibin Bag Dispenser allows disposal bags to be conveniently located on a wall or the back of a cubicle door.

## Sanibin Disposal Bags Product Code: S004

Designed for use with our Sanibin Bag Dispenser, Sanibin Disposal Bags are the perfect addition to female washrooms.

## 50 x Sanibin Liner (20 Litre) Product Code: S070

The ideal accompaniment to our feminine hygiene bin range, designed to make servicing quick and simple.

- Designed for use with all P+L Systems Washroom feminine hygiene bins
- Supplied in packs of 50 bags
- Strong plastic makes servicing quick and easy

## Toilet Seat Sanitiser Dispenser

Combining stylish design and easy serviceability the Toilet Seat Sanitiser Dispenser from P+L Systems Washroom makes the ideal addition to the contemporary washroom. The dispenser delivers a measured dose of sanitising liquid onto a tissue which can then be used to clean the toilet seat, keeping washrooms hygienic and giving the end user peace of mind.

### Toilet Seat Sanitiser Dispenser

Product code: SSMW

- Large 1000ml capacity to fit a range of service cycles
- Clean, white finish
- Spray pump dispenses optimum dose of sanitiser
- Variable dose pump can be set to dispense 0.5ml or 1ml to allow sanitiser consumption to be matched to service cycle
- Textured, grey operation button for easy, single hand operation
- Clear plastic lens to easily see when sanitiser needs replenishing
- Contemporary design
- Removable pump and reservoir for easy cleaning
- Lockable dispenser with P+L Systems Washroom universal key
- Quick and easy to install
- Clear icon guides users to apply sanitiser directly onto tissue

DIMENSIONS (mm)  
123 x 261 x 115

## Virtual Janitor™

Easy to install the Virtual Janitor system attacks foul odours at source using antimicrobial agents to kill bacteria growth. The built in metered fragrance is dispensed to ensure that washrooms are continually fragranced, and fits perfectly with a 30 or 60 day service cycle. The system can be used within both toilets and urinals, ensuring consistent fragrancing across your sanitary ware.

### Virtual Janitor, White

Product code: UDAW

The Virtual Janitor attacks foul odours using antimicrobial agents to kill bacterial growth within pipes, whilst also fragrancing washrooms. The combined fragrance and antimicrobial solution is dispensed using the flexible drip tube or directly into the down pipe using the in-line installation kit to constantly perfume the washroom.

- Quick and easy to install
- Low cost to operate. Refills last 30 or 60 days to suit your service cycle
- Contemporary design
- Discreet warning light notifies when refill needs changing
- Hidden on/off switch
- Requires 2 x C size batteries
- Extended battery life gives up to 2 years usage from 1 set of batteries
- In-line installation kit available
- Lockable dispenser with P+L Systems Washroom universal key

### Virtual Janitor In-line kit

Product Code: S058

Designed for use with the Virtual Janitor system, the in-line kit allows the antimicrobial, fragrancing fluid to be dispensed directly into the downpipe.

- Easy to install
- A neat and tidy addition to urinals
- Supplied with a range of size fittings
- Designed for use with the P+L Systems Washroom Virtual Janitor™

## Virtual Janitor Refills

Designed for use with the Virtual Janitor dispenser, refills are available in a choice of two fresh smelling fragrances to ensure that your urinals and toilets stay fresh and clean at all times. P+L Systems Washroom Virtual Janitor refills contain antimicrobial agents to ensure that germs and bacteria are kept at bay.

The antimicrobial agents kill bacteria responsible for washroom malodours, preventing build up of organic material and scale, whilst the fragrancing of the refill gives washrooms a pleasant scent.

### Virtual Janitor Refill - Green Apple Product Code: UDR-APP

### Virtual Janitor Refill - Clementine Product Code: UDR-CLEM

Also ideal for keeping toilets fresh and free from bacteria

## Soap Dispensers

A complete range of soap dispensers, offering a choice of either manual or automatic operation for a range of applications, ideal for washrooms, kitchens and anywhere where hand hygiene is a priority.

### Automatic

Easy to use, reliable and hygienic, automatic soap dispensers offer an ideal no-touch solution for washrooms and other areas where cross contamination is a risk, including healthcare and food manufacturing applications.

### Automatic Soap Dispenser

Product code: SDAW

Simple to use, with a sleek, contemporary design the Automatic Soap Dispenser from P+L Systems Washroom is a reliable, easy to service dispenser which ensures a consistent soap output.

- Large 1000ml capacity to suit a range of service cycles
- Delivers a fixed 1ml dose to minimise wastage
- Hand activated sensor
- Clean, white finish
- Clear plastic lens to easily see when soap needs replenishing
- Contemporary design
- Removable pump and reservoir for easy cleaning
- Lockable dispenser with P+L Systems Washroom universal key
- Easy to install
- Uses 4 x C size batteries

DIMENSIONS (mm)  
123 x 261 x 115

## Manual

A range of robust plastic soap dispensers, ideal for high traffic environments each with easy to service features.

### Manual Soap Dispenser

Product code: **SDMW**  
**SDMC**

Combining reliability and easy to service features with a contemporary aesthetic, the Manual Soap Dispenser offers the ideal dispensing solution for high traffic washrooms.

SDMW

SDMC

- Large 1000ml capacity to suit a range of service cycles
