

# Maidaid® Equipment Profile Guide

Supplying professional catering  
equipment for over forty years

Right machine. Right price.

## Maidaid® Equipment Profile Guide

Supplying professional catering equipment for over forty years

**Maidaid Halcyon® has achieved the impressive milestone of supplying the professional catering industry with cost effective, high quality products for over forty years.**

The wealth of experience we've gained over the years has enabled us to establish the Maidaid® range as an industry leader. Our machines have gained a deserved reputation for durability and reliability.

Maidaid Halcyon® products are constructed from the highest quality materials to ensure many years of commercial service. We produce a tough machine to do a tough job. Whether you want simple reliability or the very latest innovations in micro processing, there is a Maidaid® machine for you.

What is more, we actually listen to our distributors and customers to help us provide what is, undoubtedly, the best service in the business.

As part of this service we've published this guide for the end user, making it easier than ever for you to select and specify your Maidaid® professional catering equipment.

## Undercounter Machines

### 2 year full warranty

Models to suit every application, from a hospital cafeteria to a university bar.

- Easy to use controls
- Selectable energy saving modes
- Cycle times can be tailored to suit requirements
- Drain pumps standard or optional – model dependent
- Automatic internal water softener – model dependent

# Pass Through Machines

**2 year full warranty**

Models to suit every application. Ideal for canteens in hospitals, colleges and schools.

- Easy to use controls
- Selectable energy saving modes
- Cycle times can be tailored to suit requirements
- Drain pumps standard or optional – model dependent
- Automatic internal water softener – model dependent
- Heat recovery modules – model dependent

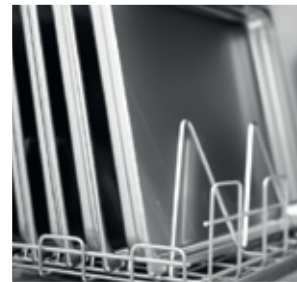

# Utensil / Pot Washers

## 1 year full warranty

New advanced design 'Smart' soft touch electronic user interface.

- Easy to use controls
- Self-diagnostics across the range
- Eleven cycle times can be tailored to suit from 2 to 12 minutes
- Precise chemical dosing as standard
- Stainless steel sliding rack
- Self draining wash pump

# Minirack Dishwashers

**1 year full warranty**

Market leading rack machines: a proven design.

- Model capacity from 50 to 220 racks per hour
- Designed to minimise running costs
- Easy to use control panels
- Wash and rinse economisers as standard
- Water consumption up to 35% less per rack than a pass through model
- Scrap tray to prevent solids fouling wash water

# NEW RX Evo & Pro Rack Conveyors

Evolving from the tried and tested AX range, the NEW RX Evo and Pro ranges introduce improved efficiency and reliability.

- Offers a model to suit all volume warewashing requirements, that can be tailored to your specification
- Models are based on modules which include: prewash, single or double main wash, double or triple rinse
- Three drying module options
- Two heat recovery modules options
- Other options include: heat pump, steam condenser, corner inlet and corner dryers
- The range offers the capacity to wash from 83 to 400 racks per hour

# FX Flight Machines

Continuous operation, inline belt conveyor machines. Designed for sites with the heaviest volume of items to wash.

- Extra wide belt of 710mm allows for maximum productivity
- Based on international standard DIN10510 the range offers the ability to wash from 2,400 to a mighty 10,000 plates an hour
- Eight basic arrangements, from 4.5 to 8.2 metres in length. All available for electrical or steam heating
- Additional modules included shelf dryers, stage dryers, neutral zones, heat recovery, heat pumps and steam condensers

# Icemakers

Maidaid offers an extensive range of ice styles in a wide range of production capacities:

- **ice cube** – Individual cubes – two shapes and a wide range of sizes for great versatility
- **fast ice** – Small individual cubes ideal for fast food drinks
- **ice pebbles** – Micro-cubes of irregular shape
- **ice granules** – Flexible product, ideal for decorative displays and as an aid for sports injury recovery
- **ice flakes** – sub-cooled flakes of ice for long term product preservation

ice cube

fast ice

ice pebbles

ice granules

ice flakes

by

shape, style and application for every ice requirement.

The vision is clear... the quality is indisputable.
