

High Capacity Contact Grill

Le Premium Double

The latest innovation in our contact grill range, *Le Premium* is unique to Roller Grill. Fully equipped through design and technology for outstanding cooking performance, flexible operation and ease of cleaning. Key features of *Le Premium* include:

- 2 in 1 cooking: use as a high efficiency contact grill or isolate the top plate for use as a high-speed griddle.
- Highly conductive cast iron plate with integral element for fast heating: 230'c in just 8'30"
- Plates have a hard enamel coating for ease of use and cleaning
- Perfect homogenous cooking thanks to the integrated heating elements – no temperature discrepancy across the plates.
- Heat resistant sprung handle assembly controls the self-balancing top plate to bring perfect contact without crushing the food by the weight of the top plate.
- Integrated digital timer with three pre-sets.

This all adds up to make *Le Premium* your ideal platform for steaks, burgers, chicken gammon etc as well as your hot sandwich menu.
